About the Nevada PERS Limited Power of Attorney

If a PERS member/benefit recipient becomes unfit or unable to handle his or her own affairs, the member/benefit recipient's family generally wants the right to manage the member/benefit recipient's obligations and PERS benefits. Unless PERS has a Limited Power of Attorney authorizing family members to manage such matters, these rights cannot be granted.

The PERS Limited Power of Attorney form gives you the opportunity to assign an individual the right to make decisions regarding your accounts. PERS holds the Limited Power of Attorney in the member/benefit recipient's file, and if someone tries to act on your account, PERS verifies that the person is authorized to act on your behalf. All Limited Powers of Attorney are subject to verification.

A PERS member/benefit recipient may change his/her designee at any time by properly completing a new form and submitting it to PERS.

A PERS member/benefit recipient may provide PERS with a copy of a general Durable Power of Attorney or the PERS Limited Power of Attorney may be executed. PERS will not accept a Power of Attorney for major decisions such as selection of a retirement option or requesting a refund of contributions.

As soon as PERS receives and approves a Limited Power of Attorney, the designee is authorized to act on a member/benefit recipient's account. The member/benefit recipient need not be incapacitated for the designee to manage or administer the member/benefit recipient's PERS account and benefits.

It is against the law in the State of Nevada for any individual to knowingly make a false claim for benefits or money from PERS.

A Power of Attorney must be signed by the person granting the authority (known as the "principal" or, in the case of a PERS Limited Power of Attorney, the member/benefit recipient). The Principal must be mentally competent at the time of the signing in order to make the document legally binding. If there is any question about the Principal's mental competence, a physician may be asked to certify in writing that the person understands the document and the consequences of signing the document.

The signatures on a Power of Attorney must be notarized. Notarizations make it more difficult for someone to challenge the validity of the signature and ensure that the person executing the Power of Attorney did, in fact, do so. Chapter 240 of the Nevada Revised Statutes contains the requirements for notarial acts.

All persons executing a Power of Attorney should consult with an attorney. The information provided by PERS is provided as general information only.
