Re: Critical Labor Shortage

The provisions of NRS 286.523 were set to sunset effective June 30, 2015. During the 78th Legislative Session Senate bill 406 was passed and signed by the Governor. This included language regarding Critical labor shortage and removed the sunset.

All critical labor shortage positions will still require recertification every two years. The System will require proof of the date of position designation through written acknowledgement from the governing body.
