Memorandum

To: Liaison Officers

From: Walter Zeron, Employer Services/Communications Director

Date: September 5, 2024

Re: Employer PERIS Update Memo

This memorandum is provided to keep you informed on the status of our Public Employees' Retirement Information System (PERIS) project.

As of August 31, 2024, ninety-eight employers have transitioned to PERIS Production. NVPERS is looking to transition an additional seventeen employers in September 2024. NVPERS will be reaching out to employers that have not yet transitioned to get them scheduled for a month between now and February 2025.

NVPERS plans to have all employers transitioned by February 2025. For an employer to qualify to transition, they must be certified and have all their reports fully posted in CARSON. To be certified by NVPERS, an employer must have been trained and have fully posted one or more payroll files in the Certification (CERT) environment. NVPERS calls qualified employers a month in advance of a potential transition date to discuss the transition plan. If you have received a phone message from NVPERS it may be associated with a transition to PERIS in the next month.

The CERT and Sample data environments are refreshed every two months with the next refresh coming early September containing CARSON data as of August 31, 2024.

The next quarterly employer training will be provided on Thursday, October 10, 2024. The training will be conducted virtually. An Eventbrite email has been sent to employers with information on how to sign up for the virtual training.

The 2024 Liaison Officer Conference was a big success. The attendance was at maximum and many participants were pleased with the new format of multiple break-out sessions. The next Liaison Officer Conference will be in the spring or fall of 2026.

We appreciate your patience and understanding through this process and look forward to continuing to work together during this transition period. If you have any questions or concerns, please do not hesitate to contact your assigned PERS representative.
